HEALTH CARE MEETS INNOVATION

Aetna Inc., headquartered in Hartford, is a major health insurance company and part of CVS Health. Aetna helps people access care, manage health costs, and navigate complex health systems. With careers in customer service, data analysis, operations, tech, and public health, it's a great option for students interested in where healthcare and business connect.

BENEFITS THAT MAKE YOU FEEL GOOD

Aetna offers full health, dental, and vision coverage, tuition assistance, paid vacation, 401(k) with matching, and wellness perks like fitness discounts and mental health support. Employees are part of a national network through CVS Health, giving them access to career opportunities far beyond Connecticut.

START HERE, MOVE UP FAST

From internships to full-time entry roles, Aetna invests in young professionals with on-the-job training, mentoring, and clear promotion paths. Many employees start in support roles and grow into leadership, tech, or specialized healthcare positions. It's a learning-friendly workplace with lots of room to grow.

HELPING MILLIONS LIVE HEALTHIER LIVES

Aetna's work goes beyond insurance—it's about helping people get the care they need when they need it. Whether you're answering calls, coding healthcare systems, or managing claims, your work directly affects people's health and peace of mind. It's a job with meaning, impact, and a bright future.
