A LEGACY OF CARE AND SUPPORT

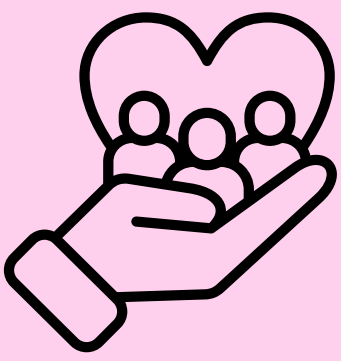
Established in 1940 in Southbury, CT, Southbury Training School (STS) has been a residential facility for individuals with intellectual disabilities. Spanning over 1,600 acres, the campus once housed over 2,000 residents and was considered a model for such institutions. Today, STS continues to provide care for a smaller population, focusing on personalized support and community integration.

COMPREHENSIVE SERVICES AND OPPORTUNITIES

STS operates as a self-sufficient community, offering services like medical care, vocational training, residential support, and therapeutic programs. Employees can find roles in various departments, including healthcare, maintenance, administration, and more, contributing to the well-being of residents.

PATHWAYS FOR CAREER DEVELOPMENT

For those starting their careers, STS provides opportunities to gain experience in the human services field. Positions such as direct support professionals, administrative assistants, and maintenance staff offer valuable on-the-job training, with potential for advancement into specialized roles through continued education and experience.



MAKING A MEANINGFUL IMPACT

Working at STS means being part of a team dedicated to enhancing the lives of individuals with intellectual disabilities.Employees play a crucial role in fostering a supportive environment that promotes independence, dignity, and community involvement for all residents.
