WHERE HEALTHCARE MEETS EDUCATION AND RESEARCH

UConn Health, located in Farmington, CT, is the medical branch of the University of Connecticut. It includes a hospital, medical and dental schools, and major research facilities. UConn Health provides everything from emergency care to cancer treatment—while also training the next generation of doctors, dentists, and scientists. It's the perfect mix of learning, discovery, and care.

STATE JOB BENEFITS WITH ACADEMIC PERKS

As part of the state system, employees enjoy strong salaries, excellent health insurance, paid vacation and holidays, retirement plans, and tuition assistance. Working here also gives you access to university-level resources, training, and the kind of professional environment that supports long-term growth.

START SMALL, AIM HIGH

You can begin in entry-level roles such as patient transport, lab assistant, office support, or food services. From there, you can grow into healthcare, research, or administrative careers. UConn Health encourages learning on the job and offers many pathways to move into nursing, dental hygiene, lab sciences, and more.

HEALING AND DISCOVERY, ALL IN ONE PLACE

At UConn Health, you're part of something bigger—helping patients, advancing science, and training future professionals. Whether you're assisting a patient, supporting research, or working behind the scenes, your role helps improve lives across Connecticut. It's a place for curious minds and compassionate hearts.

CAREER CLUSTER: HEALTH SCIENCE

IDEAL FOR STUDENTS WHO ARE PASSIONATE ABOUT MEDICINE, RESEARCH, AND HEALTHCARE INNOVATION, UCONN HEALTH OFFERS CAREERS IN CLINICAL CARE, BIOMEDICAL RESEARCH, DENTISTRY, AND PUBLIC HEALTH. IT'S A GREAT FIT FOR THOSE WHO WANT TO MAKE A DIFFERENCE THROUGH SCIENCE AND PATIENT-CENTERED CARE.
