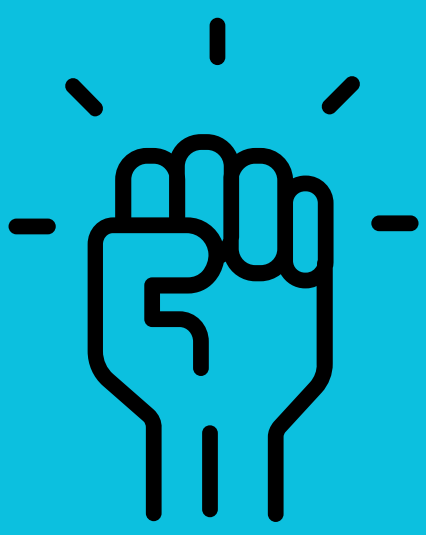
THE PUBLIC WORKFORCE POWERHOUSE

AFSCME Connecticut represents thousands of workers who keep our state and towns running—from DMV clerks to corrections officers, social workers to school staff. If a service helps the community, AFSCME members are probably behind it. They're the backbone of Connecticut's public sector.



GOOD JOBS THAT DO GOOD

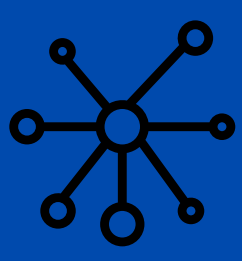
These union members aren't just punching a clock—they're keeping people safe, solving problems, and helping society function. AFSCME fights to ensure fair pay, job security, and strong benefits so that public workers can focus on serving their communities without being stretched too thin.

TRAINING, BENEFITS, AND STABILITY

AFSCME helps members grow in their careers. Whether it's through apprenticeships, safety training, or support navigating state jobs, the union makes sure people have pathways to long-term employment with pensions, healthcare, and time off. For many, it's a path to the middle class without needing a college degree.

UNITED FOR RESPECT AND CHANGE

AFSCME is known for standing up to protect workers' rights and fighting for public investments in schools, hospitals, and local infrastructure. They regularly mobilize to defend vital services and ensure those who provide them—especially frontline workers—are treated with dignity and respect.

CAREER CLUSTER: GOVERNMENT & PUBLIC ADMINISTRATION


MEMBERS OF AFSCME CONNECTICUT LOCALS WORK IN A WIDE RANGE OF PUBLIC SERVICE ROLES AT THE STATE, COUNTY, AND MUNICIPAL LEVELS.
