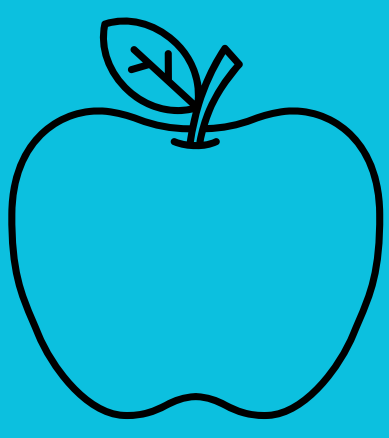
STANDING UP FOR CT TEACHERS

The Connecticut Education Association (CEA) is the largest teachers' union in the state, representing public school educators from kindergarten through 12th grade. CEA helps make sure teachers have what they need to succeed—so students do too. Whether it's classroom supplies, support services, or professional development, CEA is all about uplifting education in Connecticut.

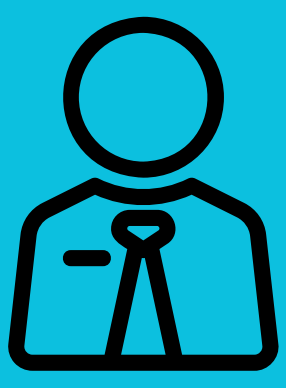


POWER IN NUMBERS

CEA gives teachers a strong voice. The union works with lawmakers to improve school funding, reduce class sizes, and ensure fair pay and job security for educators. When teachers speak out together, they can protect their rights and improve the learning environment for everyone.

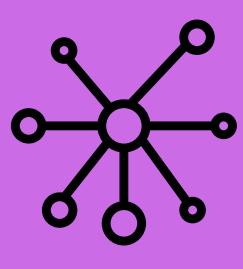
PROFESSIONAL GROWTH, REAL IMPACT

CEA offers tons of opportunities for teachers to grow. From workshops and conferences to legal advice and classroom resources, members get tools to keep improving and supporting students. There are also leadership programs and grants to help teachers launch creative classroom projects.



TEACHERS WHO CARE, A UNION THAT HAS THEIR BACK

CEA believes in education that supports the whole child—including mental health, equity, and safety in schools. The union has led campaigns on topics like school climate, fair testing practices, and student well-being. They make sure educators—and their students—are treated with the respect they deserve.

CAREER CLUSTER: EDUCATION & TRAINING


MEMBERS OF THE CONNECTICUT EDUCATION ASSOCIATION (CEA) ARE PROFESSIONALS IN THE FIELD OF EDUCATION. THIS INCLUDES CLASSROOM TEACHERS, SCHOOL COUNSELORS, LIBRARIANS, AND OTHER CERTIFIED EDUCATORS WORKING IN PUBLIC SCHOOLS ACROSS CONNECTICUT. ANYONE PURSUING A CAREER IN TEACHING OR EDUCATIONAL SUPPORT CAN BECOME A MEMBER OF CEA.
